

ICEC30/ICMC 2026

June 22-26, 2026

Daejeon Convention Center (DCC), Daejeon, Korea

Company Name	Cryo H&I	Company Logo
Address	1, Masan 11-ro, Jinwi-myeon, Pyeongtaek-si, Gyeonggi-do, South Korea	 크라이오 에이치앤아이(주) Cryo H&I
President	Jinsung Chung	
Website	www.cryohi.com	
E-mail	cryohi@cryohi.com	
Telephone	+82 31 663 1122	
Fax	+ 82 31 663 1404	
Exhibitor Introduction	Cryo H&I is a leading Korean company specializing in advanced cryogenic technologies. We develop and manufacture high-performance equipment for ultra-low temperature applications, including research, industrial, and medical fields. Our mission is to provide reliable and innovative cryogenic solutions that meet the highest standards of precision and efficiency.	
Exhibit Description	At ICEC, Cryo H&I will showcase cutting-edge cryogenic equipment designed for research, industrial, and medical applications. Our exhibit highlights solutions for ultra-low temperature cooling, high vacuum systems, and cryogenic testing. Visitors can explore our advanced technologies that ensure safety, accuracy, and performance in demanding environments.	
Exhibit Product	<ul style="list-style-type: none"> ● Cryocoolers – High-performance ultra-low temperature refrigeration systems for scientific and industrial applications. ● Helium Compressors – Essential components for cryogenic cooling and ultra-low temperature operation. ● LN₂ Generators & Storage – Efficient systems for liquid nitrogen production and handling. ● High Vacuum Cryopumps – Reliable equipment to achieve and maintain ultra-high vacuum conditions. ● Cryogenic Test Equipment – Systems for testing materials and components under extreme low temperatures.
