

ICEC30/ICMC 2026

June 22-26, 2026

Daejeon Convention Center (DCC), Daejeon, Korea

Company Name	Sumitomo(SHI) Cryogenics Korea Co., Ltd.	 <p>Sumitomo (SHI) Cryogenics Korea Co., Ltd.</p>
Address	280-3, Saneop-ro, 155 beon-gil, Gwonseon-Gu, Suwon-Si, Gyeonggi-Do, Korea	
President	WonBum Lee	
Website	https://shicryogenics.com/	
E-mail	sumitomo@shicryogenics.co.kr	
Telephone	+82-31-278-3050	
Fax	+82-31-278-3053	
Exhibitor Introduction	<p align="center">"Our Products Speak For Themselves"</p> <p>Sumitomo Heavy Industries (SHI) is a leading provider of high-performance, high-quality, and highly reliable cryogenic products and solutions. SHI is a trusted supplier to global leaders in the semiconductor and display industries, with a long-established reputation for technical excellence and reliability.</p> <p>Sumitomo SHI Cryogenics Korea is the Korean subsidiary of Sumitomo Heavy Industries. We provide high-reliability cryogenic cooling solutions to the Korean semiconductor and display markets, as well as to a wide range of industrial applications, including MRI, research laboratories, and MCZ systems.</p> <p>Backed by SHI's proven technology and global experience, we are committed to supporting our customers with reliable products and professional local service.</p>	
Exhibit Description	<p>SHI develops world-leading cryocoolers based on deep engineering expertise and decades of cryogenic technology experience. SHI products are trusted by researchers worldwide, supporting applications ranging from ultra-low-temperature systems to laboratory cryostats.</p> <p>In addition, SHI's cryocoolers and cryopumps play a critical role in advanced medical and scientific equipment, including MRI and pre-clinical MRI systems, particle therapy, and NMR. With a proven track record across demanding applications, SHI delivers high reliability and stable performance for mission-critical environments.</p>
