

ICEC30/ICMC 2026

June 22-26, 2026

Daejeon Convention Center (DCC), Daejeon, Korea

Company Name	Suzhou Bama Superconductor Technology Co., Ltd.	 Superconductor Technology 苏州八匹马超导科技有限公司
Address	Building 2, No. 1555 Jiande Road, Zhangpu Town, Kunshan City, Jiangsu Province, P. R. China	
President	Dr. Hongming Tang	
Website	https://bama-supercon.com/	
E-mail	wangzq@bama-supercon.com	
Telephone	+86 13262727180	
Fax	0512-57270799	
Exhibitor Introduction	Suzhou Bama Superconductor Technology Co., Ltd., founded in 2018 in Suzhou, China, possesses a 13,000-square-meter manufacturing facility and a professional team of over 120 people.	
Exhibit Description	The company specializes in NbTi and Nb ₃ Sn and HTS magnets, GM cryocoolers, cryopumps, helium compressors, and corresponding maintenance services. Its superconducting magnets are fully self-developed and widely used in dilution refrigerators, cryogenic probe stations, PPMS, and more. Its cryocoolers deliver 5W of cooling power at 4K. The company is dedicated to providing products with performance and reliability fully comparable to leading global brands.	
Exhibit Product	NbTi and Nb ₃ Sn magnets, GM cryocoolers, cryopumps, helium compressors
