

ICEC30/ICMC 2026

June 22-26, 2026

Daejeon Convention Center (DCC), Daejeon, Korea

Company Name	Nanjing FocuStrength Fiber Material Ltd.	Company Logo
Address	35# Huatang Road, Honglan Industrial District, Lishui, Nanjing, China	
President	Yao Ningqiu	
Website	www.focustrength.com	
E-mail	info@focustrength.com	
Telephone	+86-25-83344361	
Fax	+86-25-83344351	
Exhibitor Introduction	<p>Nanjing FocuStrength Fiber Material Co., Ltd. is the world's largest supplier of Multilayer Insulation (MLI) materials, has</p> <ul style="list-style-type: none"> ● Over 30 years of research and production experience in fiber materials and insulation materials. ● All types of multilayer vacuum insulation materials, including but not limited to: 1. Spacers: glass fiber paper, carbon-filled (glass fiber) paper, chemical fiber paper, polyester fiber paper; 2. Reflectors: aluminum foil, coated aluminum film; 3. Insulation mat, etc. ● A testing platform for the insulation performance of MLI materials, providing support for design. ● A large-scale production platform capable of meeting the specifications and assembly requirements of large-size MLI, including the pre-cutting and pre-assembly of insulation blankets. 	
Exhibit Description	<p>At ICEC30/ICMC2026, Nanjing FocuStrength will showcase various types of MLI materials and solutions, to meet customer's needs of different temperature ranges (such as liquid helium, liquid hydrogen, liquid nitrogen, LNG, etc.) and various applications (such as NMR, cryogenic containers, etc.).</p>	
Exhibit Product	Different multi-layer insulation materials.
