## Welcome to ICEC30/ICMC2026!

On behalf of the Organizing Committee, it is our great pleasure to welcome you to the **30th International Cryogenic Engineering Conference and International Cryogenic Materials Conference (ICEC30/ICMC2026)**, to be held in Daejeon, Korea, from June 22 to 26, 2026.

The conference brings together researchers and professionals from academia, industry, and research institutes to share the latest developments and foster collaboration in cryogenic engineering and materials. **ICEC30/ICMC2026** will provide a valuable platform to engage with cutting-edge advancements and connect with leading experts in the field.

This year's conference holds special significance as it takes place in Daejeon, the heart of South Korea's science and technology innovation. Known as the "Silicon Valley of Korea," Daejeon offers a dynamic blend of high-tech research and cultural richness. The conference will be held at the Daejeon Convention Center (DCC), a state-of-the-art venue conveniently located near the EXPO Science Park.

We are pleased to offer you an excellent opportunity to showcase your professional services and innovative materials and equipment through sponsorship and exhibition. We encourage you to actively capitalize on this conference to introduce and promote your products and services to a global audience.

Additionally, this event provides a chance for international networking, allowing you to engage with participants from all around the world. We expect this opportunity will serve as a platform for enhancing the visibility and growth of your business.

We eagerly look forward to welcoming you in Daejeon, Korea.

Sincerely Yours,

**Sangkwon Jeong**

**General Chair of the ICEC30/ICMC2026**

**Professor of KAIST**
