

ICEC30/ICMC 2026

June 22-26, 2026

Daejeon Convention Center (DCC), **Daejeon, Korea**

Company Name	PBS	
Address	Vlkovska 279, Velka Bites, 595 01, Czech Republic	
President		
Website	pbs.cz/en	
E-mail	info@pbs.cz	
Telephone	+420566822111	
Fax	+420566822135	
Exhibitor Introduction	<p>PBS has been in the cryogenic business for more than 35 years. The internal R&D activities are focused on mastering the art of tailor-made turboexpanders for gas liquefaction and air separation. Our products exploit a unique technology of aerodynamic bearings which benefits the customers in terms of reduced maintenance costs.</p>	
Exhibit Description	<p>Our cryogenic product lines exploit unique PBS technology and know-how of dynamic gas bearings, which benefit the customers in terms of reduced maintenance costs. PBS cryogenic products are mainly used in helium and hydrogen liquefiers and refrigerators operating at low gas or liquid temperatures ranging from 1.8 K to 150 K.</p>	
Exhibit Product	<p>Turboexpander HEXT/CTE 100</p>
