

ICEC30/ICMC 2026

June 22-26, 2026

Daejeon Convention Center (DCC), **Daejeon, Korea**

Company Name	Hylium Industries, Inc.	Company Logo
Address	33, Hwanghae Huegok 4-ro, Poseung-eup, Pyeongtaek-si, Gyeonggi-do, Republic of Korea	
President	Seo Young Kim	
Website	hylium-industries.com	
E-mail	Hys8145@hylium-industries.com	
Telephone	02-1670-0609	
Fax	031-8043-0018	
Exhibitor Introduction	<p>Hylium Industries Inc. is a Korea-based cryogenic engineering company specializing in hydrogen liquefaction, storage, and transport solutions. Since its establishment, Hylium has focused on the development of advanced cryogenic systems and high-efficiency hydrogen infrastructure technologies.</p> <p>The company provides integrated solutions, including methanol reformers, hydrogen liquefiers, liquid hydrogen storage tanks, and transport trailers. Leveraging proprietary insulation and cryogenic design technologies, Hylium delivers high reliability and energy-efficient performance for industrial gas, mobility, and research applications.</p> <p>The company aims to become a leading provider of turnkey liquid hydrogen solutions worldwide.</p>	
Exhibit Description	<p>At ICEC30/ICMC2026, Hylium Industries will present:</p> <ul style="list-style-type: none"> • A 12L liquid hydrogen fuel tank for drones, optimized for lightweight and high energy density applications • 50L and 250L liquid hydrogen storage tanks designed for safe and efficient cryogenic storage • A hydrogen leak detection tape enabling rapid visual identification of hydrogen leakage • A methanol reformer system for on-site hydrogen production <p>These technologies demonstrate Hylium's integrated capabilities in liquid hydrogen storage, safety, and hydrogen generation for advanced mobility and distributed energy systems.</p>	
Exhibit Product	<ul style="list-style-type: none"> - 12L liquid hydrogen fuel tank for drones - 50L&250L liquid hydrogen storage tanks - Methanol reformer - Hydrogen leak detection tape
